Applicant Eligibility

- **ELIGIBLE INCOME:** The applicant's adjusted annual income cannot exceed the appropriate moderate income limit in Exhibit C of RD Instruction 1980-D. To determine whether a borrower's income is eligible based on the property location please visit:
<http://eligibility.sc.egov.usda.gov>
- **ADEQUATE AND DEPENDABLE INCOME:** The applicant must have an adequate and dependably available income.
- **REPAYMENT ABILITY:** The applicant must demonstrate adequate repayment ability. The applicant is considered to have adequate repayment ability when the ratio of the proposed housing costs to income does not exceed 29% and the Total Debt Ratio does not exceed 41%. Ratio waiver requests must be accompanied by documentation of compensating factors.
- **CREDIT HISTORY:** The applicant must have a credit history which indicates a reasonable ability and willingness to meet obligations as they become due.
- **PREVIOUS LOAN:** The applicant cannot have had a previous RD loan which resulted in a loss to the government unless RD determines the loss was beyond the applicant's control.
- **OTHER FEDERAL DEBT:** The applicant cannot be delinquent on any tax or non-tax debts and there can be no judgment liens against the applicant's property for a debt owed to the Federal Government. The Lender will check HUD's Credit Alert Interactive Voice Response System.
- **PRESENT HOUSING:** The applicant cannot presently own a dwelling which is in the local commuting area and is structurally sound, functionally adequate and large enough to accommodate the needs of the applicant's household.
- **OTHER CREDIT:** The applicant must be unable to obtain the necessary conventional credit without a RD Guarantee.
- **CITIZENSHIP:** The applicant must be a citizen or a legally admitted alien.
- **LEGAL CAPACITY:** The applicant must possess the legal capacity to incur the loan obligation.
- **OCCUPANCY:** The applicant must have the potential ability to personally occupy the home on a permanent basis.

Debt Ratio Waivers

(1980-D)

Waivers may be granted to housing and debt ratio limits if the overall evaluation of the application indicates that there are acceptable compensating factors. Examples of common compensating factors are:

- The borrower has demonstrated a conservative attitude toward the use of credit and ability to accumulate savings.
- Previous credit history shows that the borrower has the ability to devote a greater portion of income to housing expenses (i.e.. The applicant has a history over the previous 12 month period of devoting a similar percentage of income to housing expense to that of the proposed loan, or accumulating savings which, when added to the applicant's housing expense, shows a capacity to make payments on the proposed loan).
- The borrower receives compensation or income not reflected in annual income, but directly affecting the ability to pay the mortgage, including food stamps and other similar public benefits.
- There is only a minimal increase in the borrower's housing expense.
- The borrower has substantial cash reserves after closing.
- The borrower has substantial non-taxable income not previously accounted for in the ratio computations.
- The borrower has potential for increased earnings, as indicated by job training or education in the borrower's profession.
- The home is being purchased as a result of, and/or relocation of, the primary wage-earner and the secondary wage-earner has an established history of employment, is expected to return to work, and there are reasonable prospects for securing employment in a similar occupation in the new area. The underwriter must address the availability of such possible employment.
- A low TD ratio. A low TD ratio by itself does not compensate for a high PITI ratio, however, when other strong compensating conditions are present, a low TD ratio should be viewed as a positive mitigating factor.
- A credit score of 660 or higher. The scores are known as Beacon, Empirica and Fair Isaac scores. If the borrower's credit report contains two scores, then the lower of the two should be used. If the credit report has three scores, then the middle score should be used.

Credit History

(1980.345)

- **The applicant must have a credit history which indicates a reasonable ability and willingness to meet obligations as they become due. Any of the following are indicators of an unacceptable credit history unless the cause of the problem was beyond the applicant's control:**
 - Incidents of more than one secured or unsecured debt payments being more than 30 days late if the incidents have occurred within the last 12 months. This includes more than one late payment on a single account.
 - Loss of security due to a foreclosure if the foreclosure has occurred within the last 36 months.
 - Outstanding tax liens or delinquent Government debts with no satisfactory arrangements for payments, no matter what their age, as long as they are currently delinquent and/or due and payable
 - A court-created or affirmed obligation (judgment) caused by non-payment that is currently outstanding within the last 12 months.
 - Two or more rent payments paid 30 days or more past due that have occurred within the last three years.
 - Accounts which have been converted to collections within the last 12 months (utility bills, hospital bills).
 - Collection accounts outstanding with no satisfactory arrangements for payments, no matter what their age as long as they are currently delinquent and/or due and payable.
 - Non-RD debts written off within the last 36 months.
- **The following does not indicate an unacceptable credit history:**
 - No credit history.
 - A bankruptcy discharged more than 36 months prior to application date.
 - A satisfied judgment which was completed 12 months before the date of application.
- **Acceptable sources of credit verifications: Any form of the below mentioned reports should indicate on the report that it meets the standards of Fannie Mae, Freddie Mac, HUD or VA.**
 - RMCR-(Residential Mortgage Credit Reports) This is preferred.
 - MMCR-(Merged, Tri-Merged, or Multi-Merged Credit Reports) Acceptable as long as the applicant is not disputing the contents of the report.
 - NTMCR-(Non-Traditional Mortgage Credit Reports) To be used only when applicant has no previous trade sources developed.
- **There is no established minimum credit score for eligibility**

Underwriting Issues

Risk Layering:

Refers to the existence of multiple levels of risk in an application such as marginal credit, high repayment ratios, extensive use of other credit, payment shock, etc. Lender should be very cautious when evaluating applications with multiple risk levels.

Payment Shock:

Measured by dividing the new PITI by previous housing expenses minus 1. In cases where payment shock is 100% or higher, no additional risk layering should be allowed unless strong compensating factors are present.

Credit Waivers:

The lender must request a credit waiver from RD and supply all back up documentation used in the decision making process. Lender must document that the instances of unacceptable credit must have been temporary in nature, beyond the applicant's control, and have been removed or the result of a justifiable dispute relative to defective goods or services. A lender need not require collection accounts to be paid in full if there are mitigating circumstances as described in RD Instruction 1980.345 (d)(3).

Credit scores of 660 and above eliminate the need for lender documentation of credit waivers.

Loan Purposes

Loan Purposes

1. Purchase and improve an existing single family dwelling, including townhouses.
2. Purchase of a condominium unit in projects where the Homeowners' Association has assumed full management responsibility from the developer. The association must collect fees and administer the affairs of the complex. The project must have been approved by HUD, VA, FANNIE MAE or FREDDIE MAC.
3. Purchase of a minimum adequate site and construction of a single family dwelling.
4. Application, appraisal and closing fees.
5. Refinancing direct and guaranteed rural housing loans under certain conditions.
6. Purchase of a new manufactured home from an RD approved dealer/contractor placed on a site owned, or to be owned by an applicant.

Prohibited Loan Purposes

1. Purchase of an existing manufactured home.
2. Payment of points except to low income borrowers.
3. Purchase of furniture or other personal property.
4. Refinancing of debts or debts owed other lenders.
5. Purchase or improvement of income producing land or buildings.
6. Payment of fees, charges or commissions such as finder's fees or placement fees.
7. Purchase of a dwelling with an in-ground swimming pool.
8. Properties with farm service buildings.

Limitations

A loan for the acquisition of a newly constructed dwelling, where the lender makes the required inspections or a an acceptable 10 year warranty plan is provided, may be made for up to 100% of the appraised value or the cost of acquisition and necessary development, whichever is less. A loan for the acquisition of an existing dwelling and development, if any, may be made for up to 100% of the appraised value or the cost of acquisition and necessary development, whichever is less.

Site & Building Requirements

(1980.313)

- The property must be a single family dwelling or an approved condominium unit.
- The property must be located in an eligible rural area.
- The property must be located on a hard surface or all-weather road.
- Dwellings must be located on a site which does not exceed 30% of the total value of the property.
- The property located in a floodplain must meet the following requirements.
 1. No new construction. Must be an existing house constructed prior to communities participation in Flood Insurance Program.
 2. Community must participate in the National Flood Insurance Program.
 3. Flood insurance must be purchased at or before loan closing and maintained for the life of the loan.
 4. Property must have public water.
- The dwelling must be determined to be decent, safe and sanitary. This can be verified by a home inspection report or by an appraisal completed by a FHA roster appraiser.
- The property must meet RD Thermal Performance Standards. For existing homes, this is a R-30 thermal factor in the attic. (See Exhibit D) Windows which are not thermo-pane should have storm windows in place. In addition to the above requirements, newly constructed homes should meet the requirements of the International Residential Building Code. (See Exhibit C)

Existing Dwelling

- An existing dwelling is defined as a dwelling which is 1 year old per the date of the Certificate of Occupancy.
- The Lender is responsible for all appraisals and inspections.
- The Lender will certify that the dwelling meets RD Thermal Performance Standards.
- The Lender will certify that the dwelling has an adequate electrical, plumbing, heating, water and waste disposal systems and is free of wood boring insects. The condition of the dwelling may be documented by:
 1. FHA roster appraisers in the appropriate sections of the appraisal form.
 2. Non-FHA roster appraisers may also complete the appraisal form; however, in such cases a separate home inspection report prepared by a home inspector should be obtained.
- The Lender certifies that all required development has been completed.

Condominiums & Townhouses

Condominiums and Townhouses are eligible for financing under the Rural Development Guaranteed Rural Housing Loan Program if they meet the following requirements:

- The complex must be served by a homeowners association.
- The homeowners association must be under the control of the homeowners, not the developer.
- The homeowners association must take monthly deposits into an escrow account. The amount deposited into the escrow account must be sufficient to pay for regular maintenance, plus emergency repairs of common area responsibilities.
- A condominium must be approved or accepted by HUD, VA, Fannie Mae or Freddie Mac.

New Construction

(1980.340)

New Construction is defined as a dwelling to be built or a dwelling which is less than 1 year old.

Lender will obtain the following:

1. Certified Building Plans and Specifications. Although plans and specs must be obtained by the Lender, the Lender need not submit a copy to the RD Field Office for review. Lender may use Form RD 1924-25, "Plan Certification" to certify that the dwelling has been built in accordance with the International Residential Building Code.
2. Evidence that the three required inspections have been completed. **They include:**
 - a) When the foundation is in but prior to backfilling.
 - b) When the shell is closed but plumbing, electrical and mechanical systems are still exposed.
 - c) When construction is 100% complete.
3. Inspections must be completed by someone deemed qualified by the Lender.
4. A Builders Warranty is issued which provides for at least a 1 year warranty from the date of completion.
5. The first two inspections are not required when the builder supplies an insured 10 year warranty.
6. Certification from the Builder or Engineer regarding conformance with Rural Development Thermal Performance Standards. Form RD 1924-25, "Plan Certification" may be used to certify Thermal Performance.

Rates, Terms & Fees

Interest Rate

The interest rate must be fixed for the entire note. The rate may not exceed the Lender's published rate for VA first mortgage loans with no discount points or the current 90 day Fannie Mae rate plus 60 basis points.

Terms of Loan Repayment

The term of the loan must be for 30 years. Principal and interest shall be due and payable monthly.

Guarantee Fee

The Lender will pay a one time non-refundable fee equal to 2% of the loan. The fee is .5% of the loan amount for refinancing RD direct and guaranteed loans. The guarantee covers 90% of the original loan amount. The fee may be passed on to the borrower. There are no monthly charges.

Charges and Fees by the Lender

The Lender may establish charges and fees for the loan provided they do not exceed those charged other customers for similar transactions. Late payment fees may be assessed but these are not covered by the guarantee. Late payment fees cannot exceed the maximum amount prescribed by HUD, FNMA or FHLMC.

Appeals

The borrower and lender can jointly appeal a Rural Development administrative decision which directly or adversely affects them. The lender only may appeal cases where Rural Development has reduced or denied the amount of the loss payment to the lender. The applicant has no appeal rights to the RD regarding the Lender's loan making and servicing actions.

Escrows

Escrow accounts must be established to insure the payment of real estate taxes and homeowners insurance. Escrow accounts may be established to insure the completion of exterior items which cannot be completed due to weather.

Appraisals

(1980.334)

An appraisal of all property serving as security for the proposed loan will be completed. A copy of the appraisal will be submitted to Rural Development for review with the request for loan guarantee. The lender may pass the cost of the appraisal on to the borrower.

Qualified Appraiser:

The lender will use a qualified appraiser to make residential real estate appraisals. The appraiser must be properly licensed to perform residential appraisals in the area in which the property is located. The appraisal must have been completed within 6 months of the date the request for a conditional commitment is submitted to RD.

Appraisal Report:

The following appraisal forms are acceptable:

1. Uniform Residential Appraisal Report (URAR) (Freddie Mac Form 70/Fannie Mae Form 1004)
2. Manufactured Home Appraisal Report & Addendum (Fannie Mae Form 1004C/Freddie Mac Form 70B)
3. Individual Condominium Unit Appraisal Report (Fannie Mae Form 1073/Freddie Mac Form 465)

The appraiser must complete the following steps:

- Use the most recent revision of the appraisal form.
- Perform both an interior and exterior inspection of the subject property.
- Provide a description and analysis of the subject property, neighborhood, site and improvements.
- Complete a sales comparison analysis including at least three (3) comparable properties which are less than 12 months old, providing specific sales or financing concession information for the comparables.
- Develop the cost approach to value only in cases in which it is:
 - A. Requested by the lender.
 - B. Considered by the appraiser to be a good indicator of value of the property.
- Include an opinion of value for the site in all cases.
- Attach a narrative explanation supporting unusual adjustments.
- Include other comments, data, and exhibits if needed to describe the subject property, document analysis and valuation or to support appraiser's conclusions.
- Include clear, descriptive photographs of the front, rear and street views of the subject property.
- Include clear, descriptive photographs of the front view of each comparable sale.
- Provide an adequately supported estimate of value.

RD Review:

A desk review of the appraisal will be done by a RD representative prior to issuance of a Conditional Commitment for Guarantee.

RURAL DEVELOPMENT REVIEW OF APPLICATIONS

(1980.354)

When an application package is submitted to a Rural Development Area Office, the approval official will review it for completeness and determine whether the proposed loan is to an eligible applicant and for an eligible loan purpose. The RD representative will also review the applicant's repayment ability, the sufficiency of the collateral and determine if the environmental requirements of 1980.316 are met. RD will notify the Lender within 2 business days of receipt of a complete application of their decision.

Incomplete Applications:

RD will contact the Lender by telephone if the application is incomplete. Incomplete applications will be returned to the Lender if the package will not or cannot be made complete within 3 working days.

Denial:

If RD determines it is unable to guarantee the loan, the Lender will be informed in writing. Such notification will include the reasons for denial and appropriate appeal or review rights.

Issuance of Conditional Commitment:

When RD determines it can guarantee the loan, the approval official will prepare Form RD 1980-18 "Conditional Commitment for Single Family Loan Guarantee", listing all approval requirements and send an original and one copy to the lender. The Conditional Commitment shall be valid for a period of 90 days with an option by RD to renew for an additional 90 days.

Accepting Conditions:

After reviewing the conditions of the Conditional Commitment, the Lender may proceed with the loan closing. Any revisions to the terms of the Conditional Commitment must be approved by Rural Development and Form RD 1980-18 must be revised.

Canceling the Commitment:

If prior to loan closing the Lender decides that it no longer wants a Loan Note Guarantee, the Lender should immediately advise the RD approval official.

Requirement for Issuance of Loan Note Guarantee (1980.360)

1. Lender Certification: The lender must certify to the following:

- a) No major changes have been made in the Lender's loan conditions and requirements since the issuance of the Conditional Commitment, except those approved in writing by the Rural Development.
- b) All planned property acquisition and all planned development has been completed.
- c) The required insurance coverage is in effect.
- d) Truth-in-Lending requirements have been met.
- e) All Equal Employment Opportunity and Non-Discrimination requirements have been met.
- f) The loan has been properly closed and the required security instruments have been obtained.
- g) The borrower has marketable title to the collateral then owned by the borrower, subject to the instrument securing the loan to be guaranteed.
- h) Lien priorities are consistent with the requirements of the Conditional Commitment for Guarantee.
- i) The loan proceeds have been disbursed for the purposes and in amounts consistent with the Conditional Commitment for Guarantee.
- j) There has been no adverse change in the borrower's financial condition or other adverse change in the borrower's situation since the Conditional Commitment for Guarantee was issued by Rural Development.

2. Inspections: Lender will certify that all required inspections have been completed for existing dwellings. Copies of the required inspections for new construction per 1980.360 of Instruction 1980-D must be submitted to RD. Exhibit C or D, as applicable, will be used to certify the thermal requirements.

3. Plans for Marketing: The Lender will advise RD of its plans to sell the loan on the secondary market. Form 1980-11 must be executed if the loan and/or servicing is to be sold.

4. Lender File: The Lender will maintain a file for each Guaranteed Rural Housing loan containing originals or copies as appropriate of all documents pertaining to the loan.

5. Reporting Loan Closing: The Lender will prepare Form 1980-19, "Guaranteed Loan Closing Report" and deliver it along with the guarantee fee and Lender Certification to the RD Field Office. The Lender Certification is located on the back of the Form 1980-18 (Conditional Commitment).

6. RD Review: RD will review the items submitted by the Lender to assure compliance with the conditions of the guarantee. If all requirements have been met, the RD will execute Form 1980-17, "Loan Note Guarantee" and send the original to the Lender.

LENDER WORKFLOW

1. LENDER:

- A. Takes application.
- B. Reserves funding by faxing form 1980-86 to appropriate RD Office.
- C. Obtains required documentation.
- D. Underwrites the loan reviewing it for RD guidelines.
- E. Submits the loan package to RD for review.

Table 2. Minimum Required Thermal Performance (R-Values)^{1,2}

Climate Zone	Ceilings	Walls	Floors	Basement Walls ^{4,5}	Slab Edge R-Value, Depth ⁶	Crawl Space Walls ^{4,7}
3	R-30	R-13	R-19	0	0	R-5/R-13
4	R-38 ³	R-13	R-19	R-10/R-13	R-10, 2 feet	R-10/R-13

Notes¹ Excerpted from the 2006 International Residential Code² R-Values are minimums.³ R-30 shall be deemed to satisfy the requirement for R-38 whenever the full height of uncompressed R-30 insulation extends over the wall top plate at all eaves.⁴ The first R-Value applies to continuous insulation without stud cavities. The second R-Value applies to insulation installed in framing cavities (between studs). Either insulation meets the requirement.

⁵ Basement walls, when the space is heated and/or air conditioned, must be insulated from the top of the basement wall down to 10 feet below the outside grade or to the basement floor, whichever is less.

⁶ An additional R-5 shall be added to the required Slab Edge R-Value for heated slabs.

⁷ The under-floor space between the bottom of the floor joists and the earth under any building (except space occupied by a basement) shall be ventilated in accordance with R408.1. **Crawl space wall insulation or insulating the cells of concrete masonry units as an alternative to floor insulation is only allowable in unvented crawl spaces, in accordance with N1102.2.8.** Unvented crawl spaces shall have an impermeable 6-mil plastic vapor barrier installed with taped seams lapped at least 6-inches, and a continuous mechanical exhaust ventilation of at least 1 cfm or they receive a supply of conditioned air in accordance with R408.3.
